Shift to Home Care in Quebec?

A panel of experts looks at the issue

On May 27, this virtual event brought together a half-dozen researchers from several Quebec universities, mainly in economics, finance and taxation. They presented various recent studies related to the preferences, expectations, needs and "demand" of Quebecers for long-term care, as well as an international overview and new projections of cost and financing scenarios. Afterwards, a panel moderated by Bernard Morency discussed the various issues with Alain Dubuc (HEC Montréal and Institut du Québec), Pauline Marois (former Premier of Quebec) and André Picard (Globe & Mail).

Human Resources Forum: The Transformation of Workplaces

On May 26, CIRANO, in collaboration with the Autorité des marchés financiers (AMF) and the Ordre des Conseillers en ressources humaines (CRHA), invited its partners to an exclusive Human Resources Forum on the theme of "The Transformation of Workplaces".

This meeting was an opportunity to present the research component set up in direct relation to the concerns and issues shared during the last meetings. More specifically, a research project in development on the impact of different telework configurations on employee motivation and performance was proposed to the partners by Ali Béjaoui and Sylvie St-Onge.
